Address: 203 SE Alder Street, Suite 206, Portland, Oregon 97214

Telephone Number: 503-239-5770 Fax Number: 503-239-4268

Related Products: Silica gel crystals are used as a general purpose desiccant in a large number of applications. A number of other companies in the US market 100% silica gel crystals cat litter. Examples include Clorox (Fresh Steps Crystals), Nestle-Purina (Tidy Cats Crystals) selling the same product sourced from the same or similar manufacturers in China. Other cat litter companies also market cat litter clay based products often called "crystals blend" which adds silica gel crystals to traditional clay litters to improve their product performance in managing cat litter pan odor.

Material Chemical Ingredients: 100% silica gel crystals (granules)

Chemical Name: Silica gel

Synonyms: Hydrated silica; Silica gel; Precipitated silica; Silica, amorphous, precipitated and gel; Silica hydrate; Silicic acid; Silica gel, pptd., cryst.-free

Health Effects

The following information (Health Effects, Handling/Disposal, and Ingredients) is taken from the product label and/or the Material Safety Data Sheet (MSDS) prepared by the manufacturer. The National Library of Medicine does not evaluate information from the product label or the Material Safety Data Sheet.

Warnings:

We would like to remind the consumer, especially pregnant women, and those with a suppressed immune system, that cat feces can sometimes transmit a disease called Toxoplasmosis.

Pregnant women and immunosuppressed persons are most susceptible.
Always remember to wash hands thoroughly after handling used cat litter.
Unused cat litter poses no toxoplasmosis threat.
No medical conditions are known to be aggravated by exposure to this product.

Dust may irritate eyes. Inhalation of dust may irritate nose and throat.
Prolonged contact of dust with skin may cause irritation due to drying effect.
Do not flush this cat litter down the toilet.
Do not use this product as a traction aid as it becomes slippery when wet.
Used cat litter is not recommended for use in the garden.
Hygienic Practices: Wash hands after direct contact.

Handling/Disposal: Stable under normal use and storage conditions.

Waste Disposal: Dispose of in accordance with all applicable federal, state, and local regulations.

Carcinogenicity: None of the materials in this product are on the IARC, OSHA, or NTP carcinogen lists.
